Report about the Multipler Event E8
(Dissemination Conference) in Romania

EVENT PREPARATION

After publishing the two books (Compendium and Math-Games Guide) in Romanian, we started preparing the Multipler Event E8 (Dissemination Conference) in Romania. The Dissemination Meeting was thoroughly prepared by the elaboration of 40 CDs with project materials: poster, logo, 3 ppts: Math-Games project presentation and examples of mathematical games, 8.3. Romanian Hora and 1.6. Connect Four. We also inserted the books in pdf format: Compendium Math-Games and Guidebook in Romanian. The CDs were printable and featured the Math-Games logo.

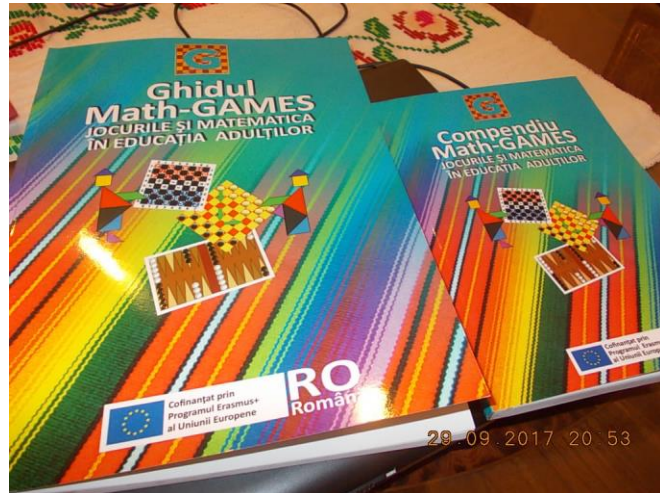

DETAILS OF THE DISSEMINATION CONFERENCE

Location: Constanta County Cultural Center "Theodor T. Burada", Bd. I.C. Bratianu, no. 68, Constanța.
Date: Saturday, November 4, 2017, 9.30.00-14.00 hours
Organizer: Association of Women Journalists from Romania "Ariadna", Romanian partner in the project.
Participants: 36 teachers and trainers in adult education in Constanta.

Coordinator Dr. Georgeta Adam presented the structure of the project, of the books, the methodology of these works, the target audience, the use of games in teaching mathematics in adult education. Two other members of AFJR Ariadna: Dr. Ioan Adam, Math-Games trainer and Dr. Aurelia Lăpușan, editor-in-chief of the magazine "Datina", associate professor at Ovidius University, Constanța, participated in the event.

Conference program

- 09.30 Registration of participants
10.30 Opening of the dissemination event
11.30 Presentation of the project Math-Games, mathematical games, exercises, presentation and launch of the books „Compendium” and „Guide Mathematical Games in Adult Education”.
13.30 The on line survey evaluation of the event.

CONCLUSIONS

- The dissemination conference was a real success, being already recorded in the „Ziua de Constanta” publication: <http://www.ziuaconstanta.ro/stiri/cultura/la-centrul-cultural-judetean-teodor-t-burada-o-actiune-o-de-unique-mathematical-for-adults-the-game-photo-gallery-643057.html>
- The 36 teachers and trainers (librarians, actors, journalists) appreciated the innovation, the quality of CD presentation, pps, posters, logo, books).
- This Teacher-Training-Course with its resources (books, CDs, posters, flayers) was appreciated by the participants for the novelty of the elements in didactic activity, in adult mathematics training, of the real life ties, the innovative games use.
- Each participant got 1 Compendium, 1 Guidebook in Romanian language and 1 CD with the Teacher-Training-Course.
- Each participant received a diploma of participation from the Association of Journalists "Ariadna".
- We quote an appreciation of the young research teacher Flavia Alexandra Petrov: "Thank you for the invitation. It was a very enjoyable and useful meeting and I wish you great success in your projects. Personally, it pleased me. "
- The photo gallery is made by the Romanian team Math-Games (Georgeta Adam), the young journalist Daniela Cojocca and the teacher Flavia Petrov.
- The dissemination action also benefited by a pleasant environment, catering, sound, video, internet connection.
- All participants completed the on-line Evaluation Survey in Romanian on the Project Math-Games site.
